

TRAINING COURSE

EU Regulation 2016/679 and EU Directive 2016/680

Pick Center - Guglielmo Marconi Place, 15 – 00144

September 20

MODULE IX

Codes of conduct and certification

10:00 – 11:45

Riccardo Giannetti (InVeo - Certification body); Rocco Panetta (Panetta e Associati law firm)

Objectives: the module focuses on the codes of conduct, the certifications and the certification bodies: tools provided for by the Regulation for a correct application of the legislation according to the specificities of the various treatment sectors and the specific needs of micro, small and medium enterprises. In particular:

- Codes of conduct
- Monitoring of approved codes of conduct
- Certification
- Certification bodies

Expected results: greater awareness of the internal procedures of organizations (private or public) called to comply with privacy legislation.

MODULO X

Transfers of personal data to third countries or international organizations

11:45 – 13:30

Rosario Imperiali (Imperiali Group)

Objectives: the module will focus on the transfer of personal data to third countries or international organizations, with reference to the general principles governing the transfer procedure (adequacy principle) and international

cooperation for the protection of personal data, with an in-depth study on the transfer and / or communication

of personal data not authorized by Union law.

In particular:

- General principle for transfers
- Transfers on the basis of an adequacy decision
- Transfers subject to appropriate safeguards
- Binding corporate rules
- Transfers or disclosures not authorised by Union law
- Derogations for specific situations
- International cooperation for the protection of personal data

Expected results: greater awareness of the relationship between the European Union and third countries and the modalities of international cooperation on the processing of personal data.

MODULE XI

EU Directive 2016/680 on the protection of natural persons with regard to the processing of personal data by competent authorities for the purposes of the prevention, investigation, detection or prosecution of criminal offences or the execution of criminal penalties, and on the free movement of such data 14:30 – 16:15

Antonio Capodieci (Salento University)

Objectives: the module will focus on the down the rules relating to the protection of natural persons with regard to the processing of personal data by competent authorities for the purposes of the prevention, investigation, detection or prosecution of criminal offences or the execution of criminal penalties, including the safeguarding against and the prevention of threats to public security.

Expected results: harmonization between the Regulation 2016/679 and the Directive 2016/680 and greater awareness of the instruments for the protection of personal data.

MODULE XII

Data protection impact assessment and prior consultation

16:15 – 17:45

Alfonso Pisani (Information Systems and Technological Innovation service at Province of Salerno)

Objectives: the module will focus on the management of the processing of personal data by the data controller in connection with the supervisory authority.

In particular, the module will focus on the procedures introduced by Regulation 679/2016 of impact assessment and prior consultation, in the event that, before proceeding to treatment, circumstances arise from which risks may arise for the data subject to the treatment.

The topics addressed:

- Data protection impact assessment
- Prior consultation

Expected results: greater awareness of the preventive procedures for the processing of personal data, carried out by the data controller and by the supervisory authorities.
